

Rev		Date	Name
A	300 - 01	12/3/14	Jaime Rodriguez

**\*\*Notes**

- The pieces of enclosure are laser cut using 1/4 " acrylic.
- Acrylic cement is used to glue and assemble sides.
- Corners of enclosure are rounded to contour of back piece and bezel using belt sander.
- Bezel is adhered using adhesive gasket and mounting screws
- Enclosure is painted with plasti-dip and all edges sealed with silicone to ensure water resistant
